CONFERENCE

NextGen Genomics, Biology, Bioinformatics and Technologies (NGBT) Conference was organized by SciGenom Research Foundation (SGRF), a not-for-profit organization working to promote Science, Research and Education in India and rest of Asia from 30th September to 2nd October, 2018 in Jaipur, Rajasthan, India.

Rajasthan University of Health Sciences (RUHS) participated as a co-host in the conference. NGBT Conference was attended by over 800 delegates. Eminent International and National experts delivered informative sessions.

The NGBT conference showcased and promoted application of NextGen sequencing and genomics technologies for basic and translational science in all areas of biology including human genetics, drug discovery, clinical medicine, biomarkers, diagnostics, animal, plant and agricultural sciences. It also covered basic biology, cellular signalling, cancer, and plant biology. The conference, provided a forum for scientists and students to share their work, build new connections and explore collaborations.
